JACKSON SQUARE IS HAMILTON

EVERYTHING IS CONNECTED TO US

"It's located next to Jackson Square . . .", is the quote from the real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson Square is . . . the heart of the city.

Located at Hamilton's key downtown intersection, Jackson Square is immediately accessible to all public transportation routes, major inter-city expressways, the Hamilton Convention Centre, the Public Art Gallery and Hamilton Place Theatre Auditorium. Hamilton's main branch library the famous 150 year old indoor Farmers' Market, 18,000 seat Copps Coliseum and Trade Centre and the 5 star Sheraton Hotel are all a simple climate controlled, indoor step away.

YOUR SPACE

Jackson Square offers you space to work; with over a million square feet of flexible office space featuring floor plates from fifteen to forty thousand square feet in any of four distinctly designed office buildings, with underground parking for over one thousand cars. Space to relax; at the base of a cascading indoor waterfall

surrounded by a fourteen floor hanging garden atrium. Space to socialize; to the pleasant sounds of summer lunch time concerts on our five acre landscaped plaza. Space to shop; with a wide range of retail stores, restaurants and banks but, most importantly, Jackson Square will give you space to be you.

WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of building services support staff, to the office environs of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection",
Lloyd D. Jackson Square, contact Jim Thompson at Stelco Tower,

FINANCIAL CONCEPT GROUP

Paving the road to a brighter financial future

To many, information is the most important commodity in today's world. The goal of Financial Concept Group is to ensure its clients not only get the information they need, but information they understand. Indeed, one of the company's main objectives is to advise and educate consumers in the best methods of planning for, and realizing, their financial goals.

"Our entire financial planning process really supports this whole idea that people should be informed and have knowledge," explains Rick Kennedy, who heads up Financial Concept Group's Burlington branch. "If clients understand why we have made recommendations, they're more committed to the long-term plan, and therefore more likely to attain their long-term objectives."

With more than 350 advisors in 45 branches across Canada, Financial Concept Group is one of the largest independent financial planning firms in the country, which gives it the size and flexibility to best address the needs of its clients. In the integrated Hamilton and Burlington branches alone, some 32 advisors meet the needs of more than 10,000 investors every year, simultaneously planning for their future while taking care of current concerns.

The company's mission statement offers a straight-forward, no-nonsense approach, promising to "professionally deliver quality financial services and products that assist all constituents in discovering and realizing their financial and life goals."

"Our independence allows us to select from literally thousands of different financial products," explains Don Bridgman, "ensuring that our clients receive the best possible products available."

The professionals at Financial Concept Group are well aware of the role that trust plays when dealing with a commodity as precious as one's financial savings. In a competitive economy where every dollar

LEFT Don Bridgman RIGHT Rick Kennedy

makes a difference, clients need to know their investments are being handled in the most responsible manner possible. That means building a solid client-investor relationship with one specific financial advisor; a relationship built on consistency, honesty and knowledge. Financial Concept Group understands that personally knowing – and trusting – the individual who handles your financial affairs can afford great peace of mind.

With one-on-one relationships a priority, the company tends to attract serious-minded people who have a decided interest in their current economic well-being as well as their future – clients who understand the value of enlisting the assistance of an expert advisor to cut through the often confusing world of financial products and services. For example, with more than 1,500 mutual funds offered in Canada, Financial Concept Group has developed a proprietary

databank that can analyze the strengths and weaknesses of each fund and advise individual investors on the best combination of funds for them.

Education is another key to success.

Not only does Financial Concept Group work to make the complexities of the financial world understandable to average people, the advisors who work for the company receive up-to-date information on a regular basis through routine professional development programs. The company also spends over \$200,000 per year on educational forums that assist its clients in keeping abreast of issues in the economy, investment trends and tax reduction strategies.

A key component to Financial Concept Group's overall philosophy is to represent the investor rather than the investment. It's a simple rule – one that guarantees that the financial health of the client will always remain the highest priority.

Greater Bay Area booming

We Mean Business

The Greater Bay Area's Tuesday business section, brought to you by The Hamilton Spectator.

The Hamilton Spectator, with almost 300,000 weekday adult readers, reaches more business managers, professionals and decision makers in the Greater Bay Area than The Toronto Star and The Globe and Mail combined.

When you're looking for reach of the business community, reach for Enterprise. Every Tuesday.

For advertising opportunities, call our Business Accounts Manager (905) 526-3371

The performance-tough components engineered from Slater steels are called on to perform to the max - on the job, every day, on demand. Many of North America's leading manufacturers already choose

Slater steels for connecting rods for high-performance engines, job-tough implements, and other high-stress parts for automotive, agricultural, and consumer products. We can handle the stress.

Our Team Has A Great Track Record

Intermodal
FreightSystems

Since 1912, National Steel Car has been designing and building quality railway freight cars that have always been right for the times. Along the way, we've developed innovations that have set the pace in moving freight efficiently and economically. Notable examples include unit trains for bulk products, the multi-purpose freight car, and all purpose and stand alone double stack well cars.

National Steel Car has always been one of North America's most productive manufacturers of railway freight cars and parts. Our design teams use the most modern technology available, including CAD, finite elemental analysis, robotics, and computer-driven fabrication techniques. All to assure that an NSC freight car will always deliver the goods.

A company-wide quality assurance program, instituted in 1987, is certified and registered with the Canadian Standards Association. But, we didn't stop there. We are continuing to develop our quality programs to the highest standards in the industry.

Our production teams are dedicated professionals, who take pride in their efforts to build the best quality products on the market. With a wealth of design and building expertise at our fingertips, our team would like nothing better than to put its track record to work for you.

YOUR
HASSLE-FREE
BUSINESS
ALTERNATIVE

When it comes to flying,
we see eye
to eye.

On business travel. All kinds of business. National and international. Convenient connections across the United States. Easy airport access. Free parking right outside the terminal. Fast check-in and baggage reclaim. It's your hassle-free travel alternative for the must-be-there world of business. Call US Airways 800-428-4322 or phone your local travel agent.

On cargo. Choose us for your charters. Out-bound and in-bound. Open 24 hours a day, 365 days a year. Complete customs facilities. Conveniently located between Toronto and Buffalo, only minutes from major highways and Hamilton harbour. Saving money. Saving time. Saving the day. It's your hassle-free cargo alternative for today's just-in-time world of business. For more details contact Sandy McDougall, Vice President Marketing, at: (905) 679-2249.

For your FREE HUG (Hamilton International Airport User's Guide) call 1-888-757-1111.

WE'RE KNOWN BY THE COMPANIES WE KEEP

PHILIP Environmental's Metals Recovery Division is constructing a \$26 million facility based on an innovative Zinc and Iron recovery process. Using high temperature plasma technology, the plant processes electric arc furnace dust into valuable raw materials for steel, zinc and lead producers.

TRADEPORT INTERNATIONAL assumed operations of the Hamilton International Airport in July of 1996. Through a 40 year, \$82 million investment, TradePort is building HIA into Canada's premier 24 hour intermodal cargo facility.

Brown Boggs is a world-class manufacturer of metal stamping presses. Recently, they finished building a \$3 million plant in Ancaster. This new facility continues Brown Boggs' 107 year commitment to the growth of the Greater Hamilton Region.

Stoney Creek Furniture believes that Greater Hamilton is the place to build. By expanding their showroom/warehouse, their operations will increase to a total of 170,000 ft².

Camco

WESCAM
ROCK SOLID • WORLDWIDE

DOFASCO has invested over \$220 million in a new high-technology mini-mill located in Hamilton. Dofasco is further expanding the Hamilton operations through the construction of a new \$14 million tube mill, scheduled for completion in 1997.

CAMCO Inc. manufactures brand name ranges and refrigerators for Canadian and export markets. Over the next two years, this company will invest \$38 million in the Hamilton facility to develop and manufacture a new appliance line.

WESCAM Inc. is a global leader in the design and manufacture of stabilized image capture and microwave systems. In the fall of 1995, Wescam completed the construction of a new 38,000 ft² state-of-the-art manufacturing facility in Greater Hamilton's Technology Business Park.

There is a better way to buy insurance

**THIS MAN
KNOWS**

Insurance can be expensive and extremely complicated depending on your particular needs. So, it makes sense to obtain the advice of an expert who can provide straight answers to your questions and who fully understands every aspect of Insurance.

This Man Knows He's Dan Lawrie, an independent insurance broker. He and his staff of over 60 dedicated professionals can offer you years of hands-on experience in developing comprehensive, cost-efficient insurance programmes.

When your home, auto or business insurance policy is nearing expiry, you should call The Dan Lawrie Team. Because, in this complicated business, it pays to talk to the one who knows.

If Your Computers Are Consuming Time Instead Of Saving It, What's The Point?

The Point Is Time. Time lost on the job is money lost in Productivity. That's why **Productivity Point International's** instructor-led training can make a real difference. We can maximize the return on your training dollars by offering you:

- Needs analysis and Skills assessment
- Customized classes targeted towards immediate on-the-job transfer
- On or off-site training and support
- Microsoft and Lotus Authorized Education Center
- Technical certification courses for IS Professionals in Lotus and Microsoft
- Authorized Prometric Testing Center

The Point Is Time.

Can You Provide a Co-op Placement?

Hamilton Board of Education
schools and local businesses are
working together to prepare
students for "real world" challenges.

Thanks to more than 1,000 area
employers, many of our students already
have Co-op placements.
However, we still need placements for
many more students, especially those who are
academically, gifted and
mentally challenged young
people. Placements could range from high
school to medicine or science to packaging,

food services or maintenance positions.

For more information, please contact
Co-op Education at 527-5092, ext. 2317.

THE WORLD LEADER IN DEVELOPING HUMAN POTENTIAL

Offered By K.D. Crone & Associates Inc. Throughout Ontario

Hamilton-Wentworth Catholic Schools

'Believing, Achieving, Serving'

'Croire, Réussir, Servir'

21st century Canada will need skilled workers, leaders with vision and men and women of character who can solve problems, seize opportunities and blaze new trails of excellence. Our schools focus on the spiritual, social and academic development of more than 28,000 students at 54 elementary schools and six secondary schools in Hamilton-Wentworth. Our graduates serve the community in a wide range of occupations/vocations. Since 1969, we have offered fully inclusive education, in neighbourhood schools, for the disabled, under our philosophy that 'Each Belongs'. We offer a wide range of programs, from Early Childhood Education through OAC (Ontario Academic Credits), as well as Continuing Education which includes a host of adult learning programs. For more information, please call the Office of the Director of Education, 905-525-2930 ext. 2181.

Return on Investment

Of all the reasons for investing in an independent school education for their children, parents value self-discipline and personal accountability above all. HSC's balanced program of academics, arts, athletics and Information and Design Technology, develops and nurtures the individual needs of the students and promotes empowerment and opportunity.

A multi-faith independent day school, HSC offers a progressive, innovative alternative for students in Junior Kindergarten and Montessori 3 through OAC. Lunches and transportation are provided for all full-day students.

Performance.

Andy Harshaw demands it on the road and

on the job.

As Technical Project Manager for Dofasco's new electric steelmaking facility, Andy appreciates the results that good people and advanced technology can bring to customers' products:

"This new facility not only gives us more steel...but more steelmaking flexibility for our customers. It's yet another solution which contributes to the development of a range of high technology steels, for today's products and tomorrow's ideas!"

Dofasco is one of North America's leading producers of value-added steels. By developing innovative solutions to meet customer needs... and create exciting new product applications... we're building on the strength of steel. In short, we're opening up new horizons that help to strengthen steel's position as North America's manufacturing material of choice. The result is not only strong performance for us and our customers but indeed, consumers across the continent.
